01 — About Us

Three decades of Indian natural stone, delivered with one standard.

Kohinoor Exports is the export division of the Kohinoor Group of Companies, founded in 1995 with an unswerving commitment to the highest quality standards and lasting satisfaction for our stakeholders.

Our journey in the natural stone industry has been marked by consistent excellence — achieved through meticulous block selection, strategic quarry alliances, strong ties with nearby manufacturing facilities, a relentless focus on quality and a customer-centric approach.

With multiple manufacturing facilities, proprietary quarries and robust quarry partnerships, Kohinoor is firmly positioned as a premier, customer-focused stone supplier.

This positioning lets us source and deliver a diverse range of products — from classic granite to quartzite, engineered quartz, sandstone, porcelain slabs and evolving stone options, all proudly sourced from across India.

Over the past 30 years we have expanded from humble beginnings in Bangalore to serve every corner of India, with strategic bases and partnerships nationwide, and a steadily widening international reach.

Good quality, competitive prices, reliable service and staying current with technology remain the pillars of our story — and make us one of the fastest-growing export companies in India for granite and other natural stones.

02 — Global Presence

Where our stone goes

The countries marked below are where we ship most regularly — through direct supply and long-standing stockist relationships. They are a starting point, not a boundary: we quote to any port, and new destinations are added every year.

France	Italy	United Arab Emirates	United States
Germany	Türkiye	Oman	Canada
Poland	Morocco	Saudi Arabia	Australia
Russia	Algeria	Qatar	New Zealand
United Kingdom & Ireland	Netherlands	Egypt	+ new markets each year

06 — Exotic Collection

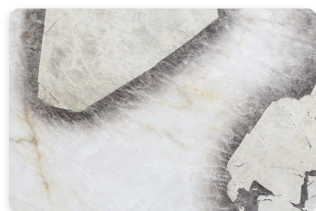

Exotic Quartzites of India

Patagonia and Crystallo lead a collection of Indian quartzites that behave like nothing else in the range — translucent grounds, mineral veining and a hardness that outperforms marble in kitchens and high-traffic interiors.

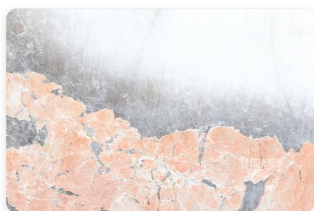

SYMPHONY QUARTZITE GANGSAW SLAB · POLISHED

Supplied as gangsa and multi-wire slabs in 2 cm and 3 cm, book-matched on request, with polished, honed and leathered finishes. Backlit-grade selections are available for feature walls, bar fronts and island tops. Every block is hand-selected and photographed before shipment.

08 — Monuments

Granite monuments, cut to the rules of your market.

Memorial work is one of the oldest lines in the Kohinoor programme. Indian granite — Absolute Black above all — is the material of choice for cemeteries across Europe, North America and beyond, and we supply memorial masons and importers wherever they work.

No two markets bury the same way, so we do not work from a fixed catalogue. Send us a drawing, a photograph, a CAD file or your local cemetery regulation and we manufacture to it: single and double headstones, full kerb sets, ledgers, covers, bases, vases, flat markers, slants and children's memorials. Shapes are templated in-house, profiles are machine-cut and hand-finished, and every piece is checked against the approved sample before packing.

Orders ship as mixed or dedicated containers, foam-wrapped in fumigated seaworthy crates with corner protection and a piece-by-piece packing list.

HAND-CARVED STATUARY · ANGEL MEMORIAL IN GREY GRANITE

BUILT TO THE MARKET YOU SELL INTO

Kerb sets & ledgers	FRANCE, BELGIUM, ITALY
Double & upright stones	GERMANY, AUSTRIA, CZECHIA
Full grave covers	POLAND, RUSSIA, UKRAINE
